this is the ebook of the printed book and may not include any media website access codes or print supplements that may come packaged with the bound book a complete balanced introduction to the theory issues and latest research economic development the leading textbook in this field provides readers with a complete and balanced introduction to the requisite theory driving policy issues and latest research todaro and smith take a policy oriented approach presenting economic theory in the context of critical policy debates and country specific case studies so readers see how theory relates to the problems and prospects of developing countries the eleventh edition offers new sections on the global financial crisis and violent conflict

despite significant financial investments the rate of development and pace of poverty reduction in developing and transitional countries has not always matched expectations

development management typically involves complex interactions between governmental and non governmental organisations donors and members of the public and can be difficult to navigate this volume brings together a group of international contributors to explore the theoretical and empirical underpinnings of development management and to consider the prospects and challenges associated with it in the context of both developing and transitional countries referring to dominant norms and values in public and developmental organisations development management is tied up with the attitudes and perceptions of various stakeholders including government officials public sector managers aid workers donors and members of the public attempting to make sense of complex interactions between these actors is highly problematic and calls for new approaches models and insights based on cutting edge research the chapters challenge much of the previous discourse on the subject and evaluate the challenges and opportunities that it presents development management offers academics researchers and practitioners of public administration business and management international development and political science a comprehensive and state of the art review of current research on development management in the context of developing and transitional countries

the relevance of philosophy by professor sylvanus ifeanyichukwu nnoruka the relevance of philosophy defends the assertion that philosophy is not a theoretical irrelevant enterprise philosophy is relevant to life and this book makes use of phenomenological and hermeneutical methods to offer solutions to the social political and economic problems in africa specifically nigeria with regard to nigeria many are of the opinion that the problem is simply and uniquely that of leadership others think it is ethnicity while some opine that it is lack of authentic education method the articles in the book tackle these and other relevant problems the authors recommend this book to all nigerians and indeed every african the authors believe it is not enough to keep bemoaning the regrettable events of the past which have crippled africa s development rather through critical reasoning they aim to generate unique solutions to nigeria s problems

despite increasing reports across the globe on renewable development and maintenance little is known regarding what strategies are required for improved economic growth and prosperity in africa improving an understanding of the methods for promoting growth through reusable resource development and administration is a vital topic of research to consider in assisting the continent s development the handbook of research on sustainable development and governance strategies for economic growth in africa provides emerging research on the strategies required to promote growth in africa as well as the implications and issues of the expansion of prosperity while highlighting sustainable education pastoral development pathways and the public sector role readers will learn about the history of sustainable development and governmental approaches to improving africa s economy this publication is a vital resource for policy makers research institutions academics researchers and advanced level students seeking current research on the theories and applications of development in societal and legal institutions

this book explores the interface between copyright and higher education and their complementarities for the advancement of sustainable human development in its broader sense the concept of human development is noted as a set of freedoms and human capabilities that are essential for human flourishing adopting a rights based human development and capability approach hdca this book primarily examines the relevant policy and legal flexibilities under the existing international copyright system and their implications for access to knowledge required for creative innovation and higher education exploring the interfaces between copyright and higher education this book argues that an unbalanced and restrictive copyright system impedes reasonable access to knowledge and stifles creative and learning freedoms or capabilities in effect a restrictive

copyright system results in serious ramifications for sustainable human development in view of its findings this book underscores the need for rethinking copyright and reframing its relevant flexibilities as users rights that are vital for promoting creative and learning capabilities towards sustainable human development further the book emphasizes the complementarities between copyright and higher education and their joint roles for sustainable human development given its application of the hdca to explore ranges of interlinked topics this book will be of a great interest to researchers across the fields of intellectual property law innovation global development human rights and higher education

international social work issues strategies and programs second edition draws together the practice wisdom emerging within the broad scope of international social work practice and its role in contributing to the international community s efforts in combating the major global social problems of poverty conflict and postconflict reconstruction the development of countries and disadvantaged populations migration and displacement and the needs of specific populations such as child soldiers and aids orphans utilizing an integrated perspectives approach incorporating global human rights ecological and social development perspectives the international social work 2e is designed to prepare social workers human services professionals development practitioners who desire to play significant roles in responding to modern global challenges that are critical to the well being of people communities nations and ultimately of us all

we are delighted to introduce the proceedings of the first edition of international conference on economic and social science icon ess 2018 the technical program has brought researchers and practitioners around the world to a good forum for discussing leveraging and developing all social scientific and economic aspects to provide the updated science and insight about the knowledge development this conference acquired 58 full papers with 2 categories paper with most paper are from economic and social science and also authors from almost 5 countries such as malaysia thailand bangladesh brunei darussalam australia and many more

this is an open access book the integration of blue green economy business for sustainability
